

R&R Consulting (Remodel to Realize)

Purpose

Enable the organizations to realize their Vision, Mission and Goals of Strategic, Business, Operational and People Excellence through comprehensive “Advisory and Consulting Services”

Promise

Build practical frameworks and solutions that address the Process, People, Practice and Performance challenges using deep industry experience and enable the organizations bridge the gap between technology, domain and operational reality

Approach

Co-opt with Customers and Teams in

- **Diagnosing root causes** across Process, People, Practice and Performance
- **Designing practical frameworks & solutions** that align with organization Vision, Mission and Goals
- **Enabling customers & teams** to adopt new ways of working with Clarity and Confidence
- **Supporting teams** in implementing the frameworks and solutions towards measurable outcomes

Service Offerings

- **Strategic Drive:**
 - *Assessment and implementation* services for Strategic, Business, Operational and People excellence
 - *Governance* through Leadership Mentoring, Balanced Scorecard, Proactive Alerts and Reviews
 - *Start-ups, Corporate Advisory* services for Strategic Business Alignment and Outcome
- **Growth & Performance Drive:**
 - *Revenue and Margin* growth strategies and Virtual Chief Quality Officer services
 - *Customer and People* centricity programs for an enhanced satisfaction
 - Program, Project, Merger and Acquisition Management services
- **Delivery, Service Quality Drive:**
 - *Lean, Six Sigma and Kaizen* definition and implementation for continuous improvement
 - *Standards, Models* definition and implementation (E.g. ISO, TL 9000, ITIL, CMMI and ASPICE)
 - *Audit, Assessment and Certification* services

Execution Model

A Collaborative Execution Model that emphasises:

- **Expectation Understanding & Agreement:** Comprehensive expectation understanding and formal agreement establishment to ensure clear project scope, objectives, and deliverables alignment.
- **Current State Analysis & Approach:** Thorough current state analysis and approach sign-off, followed by process fine-tuning and future process finalization.
- **Implementation & Process Control:** Continuous Implementation, process control and stabilization with regular communication and process sign-off for stakeholders’ alignment.
- **Monitoring & Final Handover:** Continuous monitoring of expected outcomes, stakeholders training, assets handover and final expectation sign-off with comprehensive feedback.

Belief

R&R Consulting belief is that Remodel to Realize is not a one-time strategy, it is a continuous process which will enable the organizations move from Complexity and Chaos to Clarity and Confidence Zones. We partner with the customers and teams who are ready to **remodel** their Process, People, Practice and Performance and **realize** meaningful changes.
